Saturday, May 12

11 - 1 p.m.

Stop and Shop in Canaan

***ALL PROCEEDS GO TO
GREYSEN GREGORY AND HIS
FAMILY**

Greysen Gregory is a loving and bright two year old boy. His diagnosis is Focal Segmental Glomerulosclerosis. It is the second leading cause of kidney failure in children. It is a very rare disease and only occurs to 2 out of 4 children in 100,000. Greysen spent months in the ICU and has been through many surgeries including surgeries to remove both of his kidneys. He is currently on dialysis and is looking for a kidney donor. Please help us raise money and awareness for Greysen and his family.
