

# Healthcare Career Awareness Certificate Program

Curious about a career in healthcare?

Join this pilot program to learn more about a career in healthcare and earn a certificate from the Career Experience Program that shows employers and colleges your self-motivation and willingness to take that extra step to find out more

**Attention: Juniors and Seniors Interested in a Career in Healthcare**

Be part of a pilot Career Experience certificate program where you'll:

- research possible careers in the healthcare profession
- explore the training/education needed to enter your chosen career
- engage in a conversation with a local healthcare professional
- investigate healthcare ethics--complicated issues you'll face
- become more aware of diversity issues and practice cultural humility
- examine healthcare disparities and their impact on health
- understand why empathy and compassion are cornerstones of good healthcare

This extracurricular program takes place virtually and is designed for self-paced independent work and 2-3 synchronous meetings after school or during Flex. The entire program takes 12-15 hours of your time.

The program begins in early February 2021 for approximately 10 weeks.
