DRIVER'S ED **THAT GIVES BACK**

DRIVERS EDUCATION AT Housatonic High School!

The Next Street is proud to offer flexible, and affordable Drivers ed in your school. The best part is, if you take your Drivers Ed here, we give a portion of your enrollment cost directly back to your school. Why not get your license and help your community?

Health Protocols:

The Next Street is committed to keeping our customers and staff safe. We are proud to say that our staff is fully vaccinated, and we encourage you to visit our website to learn more about all the precautions we are taking during this time.

Virtual Classroom Training:

We offer all the Driver's Education courses that are required by your state to be eligible to get your license. You can take all the classroom training with us through Zoom. With our flexible offerings, you can build out your schedule to suit your needs. All instructors are state certified professional driving coaches.

Behind the Wheel Training:

We offer behind the wheel driving lessons included with the in-classroom training bundle. For your convenience, we offer lessons that run right from the School parking lot. All lessons for high school students would be held after school hours, as to not interrupt school proceedings.

License Testing Services:

We have an entire team devoted to test day. We help with scheduling, paperwork and calming those test day nerves. You can choose to use our cars and our staff to help make passing the driving test as easy as possible.
